The above mentioned fragrance is in compliance with the Standards of the International Fragrance Association provided that it is used in the above mentioned application and at the above mentioned maximum level of use. The IFRA Standards regarding use restrictions are based on safety assessments by the Panel of Experts of the Research Institute for Fragrance Materials (RIFM) and are enforced by the IFRA Scientific Committee. It is the ultimate responsibility of our customer to ensure the safety of the final product (containing this fragrance) by further testing if need be. The information provided to you in this document is to the best of our knowledge and has been compiled with the utmost reasonable care. The facts contained herein are based on our own examinations or have been provided to us by our suppliers and shall only be read as a comprehensive description of the quality of the respective product. Nothing herein shall be interpreted as a guarantee or whatsoever. It is your responsibility to ensure that the usage of the fragrance ingredients and the levels of such usage are permitted at all times according to the relevant laws and regulations. Please be advised that the information provided herein does not release you from your sole responsibility to do your own quality assurance.
