

Section 1: Identification of the Substance/Mixture and of the Company/Undertaking

- 1.1 Product Name:** Beeswax, Light
Product Code: 301-214X
- 1.2 Intended Use:** Compound used in customer substance/mixture/product.
- 1.3 Supplier:** Majestic Mountain Sage Inc
2490 S 1350 W
Nibley, Utah 84321 - United States of America
T 435.755.0863 - F 435.755.2108
www.TheSage.com
- 1.4 Emergency Telephone Number**
No additional information available.

SECTION 2: Hazards Identification

- 2.1 Classification**
Not classified for physical or health hazards according to GHS.
- 2.2 Label Elements**
- | | |
|----------------------------------|--|
| Symbols: | None. |
| Hazard Statements: | None. |
| Precautionary Statements: | Contact with molten wax may cause thermal burns. |
- 2.3 Hazards Not Otherwise Classified (HNOC)**
Not applicable.
- 2.4 Other Information**
Not applicable.

SECTION 3: Composition/Information on Ingredients

3.1 Substance

Synonyms: White Beeswax.

Chemical Name	CAS No.	Weight %
White Beeswax	8012-89-3	100

SECTION 4: First Aid Measures

4.1 Description of First Aid Measures

Eye Contact: Flush immediately with large amounts of water for at least 15 minutes. Eyelids should be held away from the eyeball to ensure thorough rinsing. Get immediate medical attention.

Skin Contact: For contact with molten material, leave material on skin and flush or immerse affected area(s) using cold water. See medical attention.

Inhalation: If respiratory symptoms develop from exposure to fumes emitted by the molten material, move victim away from source of exposure and into fresh air. If symptoms persists, seek medical attention. If victim is not breathing, immediately begin artificial respiration. If breathing difficulties develop, oxygen should be administered by qualified personnel. Seek immediate medical attention.

Ingestion: Solid material is not acutely toxic; however, if molten material is swallowed, seek immediate medical attention.

4.2 Most Important Symptoms and Effects, Both Acute and Delayed

Symptoms: No information available.

4.3 Indication of Any Immediate Medical Attention and Special Treatment Needed

Note to physicians: No information available.

SECTION 5: Firefighting Measures

5.1 Extinguishing Media

Suitable: Dry chemical, foam, sand, water fog is recommended.

Unsuitable: No information available.

5.2 Specific Hazards Arising From the Chemical

This material may burn, but will not ignite readily.

5.3 Protective Equipment and Precautions for Firefighters

As in any fire, wear self-contained breathing apparatus pressure-demand, MSHA/NIOSH (approved or equivalent) and full protective gear.

SECTION 6: Accidental Release Measures

6.1 Personal Precautions, Protective Equipment and Emergency Procedures

Isolate danger area and keep unauthorized personnel out. Wear appropriate protective equipment.

6.2 Environmental Precautions

Prevent spilled material from entering sewers, storm drains, other unauthorized treatment drainage systems, and natural waterways.

6.3 Methods and Material for Containment and Cleaning up

Methods for Containment: Contain spill if it can be done with minimal risk. Wear appropriate protective equipment.

Methods for Cleaning Up: Cleanup molten wax under supervision is advised. Transfer to properly labeled containers for disposal.

SECTION 7: Handling and Storage

7.1 Precautions for Safe Handling

Wash thoroughly after handling. Do not wear contaminated clothing or shoes. Use good personal hygiene practice.

7.2 Conditions for Safe Storage, Including Any Incompatibilities

Store in tightly closed containers in cool, dry, well-ventilated area away from heat, sources of ignition and strong oxidizers. Store at ambient or lower temperatures. Store out of direct sunlight. Keep containers tightly closed and upright when not in use. Protect against physical damage.

SECTION 8: Exposure Controls/Personal Protection

8.1 Control Parameters

Exposure Guidelines:

This product, as supplied, does not contain any hazardous materials with occupational exposure limits established by the region specific regulatory bodies.

8.2 Appropriate Engineering Controls

No information available.

8.3 Individual Protection Measures, Such as Personal Protective Equipment

Eye/Face Protection:	When handling in molten form, proper eye shields are worn to prevent injury.
Skin/Body Protection:	When handling in molten form, proper resistant clothing, gloves, and shoes must be worn.
Respiratory Protection:	No protective equipment is needed under normal use conditions.

SECTION 9: Physical and Chemical Properties

9.1 Information on Basic Physical and Chemical Properties

Appearance:	White solid at room temperature
Upper Flammability Limit:	N/A
Lower Flammability Limit:	N/A
Vapor Pressure:	N/A
Odor Threshold:	N/A
Vapor Density:	N/A
pH:	N/A
Specific Gravity:	0.96g/ml @ 20°C
Melting Point:	62-65°C
Solubility:	Insoluble in water. Soluble in organic solvents when warmed.

Boiling Point:	N/A
Flashpoint:	400°C
Flammability:	Not flammable
Partition Coefficient:	Not determined
Auto-ignition Temperature:	N/A
Decomposition Temperature:	N/A
Viscosity:	8-12 cSt @ 100°C

SECTION 10: Stability and Reactivity

10.1 Reactivity

This material is stable and unlikely to react in a hazardous manner under normal conditions of use.

10.2 Chemical Stability

Stable under normal conditions. Avoid strong oxidizers.

10.3 Possibility of Hazardous Reactions

No information available.

10.4 Conditions to Avoid

Extremes of temperature and direct sunlight.

10.5 Incompatible Materials

Avoid strong oxidizing agents.

10.6 Hazardous Decomposition Products

Thermal decomposition can produce a variety of products which may include oxides of carbon and nitrogen.

SECTION 11: Toxicological Information

11.1 Information on Likely Routes of Exposure

Inhalation:	Vapors emitted from molten wax are expected to have a slight degree of irritation.
Eye Contact:	Not expected to be an eye irritant.
Skin Contact:	No harmful effects from skin adsorption.
Ingestion:	No harmful effects are expected.

11.2 Information on Toxicological Effects

Symptoms of Over Exposure: Nasal and throat irritation.

11.3 Delayed, Immediate Effects, Chronic Effects from Short & Long-term Exposure

Sensitization:	No information available.
Germ Cell Mutagenicity:	No information available.
Carcinogenicity:	No information available.
Reproductive Toxicity:	No information available.
STOT-Single Exposure:	No information available.
STOT-Repeated Exposure:	No information available.
Aspiration Hazard:	No information available.

11.4 Numerical Measures of Toxicity - Product Information

No information available.

SECTION 12: Ecological Information

12.1 Ecotoxicity

No information available.

12.2 Persistence and Degradability

This product is readily biodegradable.

12.3 Bioaccumulation

Bioaccumulation is not expected.

12.4 Other Adverse Effects

No information available.

SECTION 13: Disposal Considerations

13.1 Waste Treatment Methods

Disposal of Wastes:	Disposal should be in accordance with applicable regional, national and local laws and regulations.
----------------------------	---

SECTION 14: Transport Information

14.1 DOT Not classified as dangerous in the meaning of transport regulations.

14.2 IATA Not regulated.

SECTION 16: Other Information

Notes:

This safety data sheet is based on the properties of the material known at the time the data sheet was issued. The safety data sheet is intended to provide information for a health and safety assessment of the material and the circumstances, under which it is packaged, stored or applied in the workplace. For such a safety assessment holds no responsibility. This document is not intended for quality assurance purposes.
